INFERENCE COLLECTION—I = tc + (bk + e)

Inference = Text content (tc) + Background knowledge (bk) + Experiences (e)

| <b>Inference</b> | <b>Vocabulary to Understand</b> | <b>Text Content (tc)</b> | <b>Background Knowledge (bk)</b> | <b>Life Experiences (e)</b> |
|------------------|---------------------------------|--------------------------|----------------------------------|-----------------------------|
|                  |                                 |                          |                                  |                             |
|                  |                                 |                          |                                  |                             |
|                  |                                 |                          |                                  |                             |
|                  |                                 |                          |                                  |                             |
|                  |                                 |                          |                                  |                             |
