

## Minute-to-minute monitoring

Why wait until the end of the year to know whether students are hitting learning targets? Make every day a bullseye with the Learning Sciences International® (LSI) LSI Standards Tracker, a mobile-friendly solution that makes standards-based learning approachable and fun! You'll strengthen core instruction while encouraging students to become partners in learning with a stake in ownership. Above all, LSI Standards Tracker allows you to measure student performance during a lesson or on the fly. Only then can you close stubborn learning gaps and prioritize valuable class time.

- Access ELA and math standards from all 50 states
- Discover clear evidences of learning for each target
- Close stubborn achievement gaps
- Prioritize class time to maximize learning
- Easily monitor student progress on any tablet or smartphone
- Share data for improved collaboration and planning with colleagues
- Know immediately whether instruction is effective and adjust in the moment

This robust, web-based platform enables teachers to share data with other educators, promoting a unique blend of calibration and professional growth. With just a few clicks, teachers can create and share standards-based learning targets aligned with performance tasks and success criteria.
